Robbie Morrison who was a 2018 LLB Hons graduate and held an internship to the US Congress in 2017, has been awarded a William Georgetti Schipa (adding to the Fulbright Scholarship he received in 2019). While also accepted at University of Texas at Austin and Cambridge, Cornell and New York Universities, Robbie will commence postgraduate studies at Duke University in January 2021.

Looking forward to Semestex, UC teams are working closely with UCSAintospirestudentswith a sense of excitement and energagement with study and life on campture ugh D ³-52HU L H Q W D W L R programme in July.

With UC staff, the focus has been on ensuring the have the support they need to administer assessments remotely and sufficient support to transition to work back on campus. Academic staff have worked hard since March to modify their teaching and learning and their examination methods. General staffine in the main reported that they were able to be productive during lockdown and that they received good support and communication from the University. There has been some feedback that those staff with dependents at home had some challenges balancing wor and home commitments, particularly towards the end of the lockdown. The Incident Management Team members worked long hours they and others are being encouraged to take annual leave. Managers and People and Culture staff are working to understand integracts on individuals and to ensure that University provides appropriate support for their wellbeing.

In line with government guidelines, and as semester two approaches, staff and students are being encouraged to continue to record their whereaboutsampus in case the University needs to contribute to a contact tracing exercise in the future. On top of existing systems such as class lists, Canterbury cards will provide data on building access and QR codes will give additional information about select areas of high volume, for example cafes.

I am very pleased to advise that we have appointed Adela Kardos to the position of General Counsel and Registrar. Adela comes to us with a wealth of experience and is currently the General Counsel/Head of Leg&ervices at Christchurch City Council (CCO)/Lith her Bachelor of Laws with Honours from UC, Adela has been a Barrister and Solicitor of the High Court of New Zealand

since 2007. She currently manages a team of 16, including 12 lawned replays a critical role as a 0 HPEHU RI WKH & RXQFLO¶V ([HFXWLYH 7HDP SURYLGLQJ VV and operational matters. Adela has been with the CCC for the past 9 years and is looking forward to taking on a new challenge. She has a passion to be ducation sector and will be joining us from Monday, 3 August 2020.

Internationalisation - Locally Engaged, Globally Networked

Two international ranking systems have reported recently. First, the Centre for World University Rankings, which is inflential in Europe, has released its 2020 rankings in which UC is placed 499th among 2,000 universities, and third ranked in New Zealand. University of Auckland and Otago were ranked 263 and 341 respectively, while other New Zealand placings were Massey 6 VUW 691, AUT 1,057 and Waikato 1,075.

Second, Quacquarelli Symonds (QS), which operates one of the two most influential rankings systems in the world, has released its 2021 university institutional rankings. UC has dropped 43 places to 270 internationally, and remains marginally the fourtiblest ranked university in New Zealand. It dropped in all component scores, with particular decreases in academic reputation, employer reputation, and citations per academic. Five New Zealand universities drottpetro(QS) rankings, while Auckland, Massey and AUT rose marginally. The rankings for the eight universities in descending order are: Auckland 83, Otago 184, Victoria University of Wellington 223, Canterbury 270, Massey 272, Waikato 375, Lincoln 387 and ANT Professor Ian Wright is developing an action plan to reverse the decline in rankings.

In the College of Engineering, significant international awards were recently announced. Professor Misko Cubrinovski of Civil & Natural Resources has been awardedshihara Lecture, which is the highest honour lecture in the field of geotechnical earthquake engineering, and Associate Professor Rua Murray from the School of Mathematics and Statistics has been recognised with a Senior Fellowship of the Higher Eduicat Academy. Also of note is that Associate Professor Dan Zhao of Mechanical Engineering has been elected a Fellow of the Royal Aeronautical Society in the UK.

On 25\pm26 May, working under lockdown conditions, Professor Natalia Chaban

when the borders repen for international students it can be done in ways that do not compromise the gains that have been made indignating the virus.
