

FUND YOUR STUDIES

UC

What previous recipients had to say:

“Without the worry of tuition fees, I have had the ability to move out of home and experience life in more noteworthy ways. Gaining the scholarship gave me more faith and confidence within myself and my abilities. I have also had the chance to grow and learn as a person through the groups held within the scholarship.”

G Rainbow, Law

“The Te Kakau a Mui scholarship has benefited me by allowing me to focus on my studies without the worry of tuition fees later on in my degree. It has provided priceless help and support during my transition into tertiary education and guided me on my path into my engineering degree. I have enjoyed meeting like-minded rangitahi as part of the scholarship, creating connections and friendships through workshops, and sharing ideas and stories together.”

K Jones, Mechatronics

HOW TO APPLY:

- **Research** Browse all available scholarships to find out what's on offer.
- **Check if you qualify** Read through the criteria to see if you are eligible.
- **Check application date** Scholarship applications open eight weeks before the closing date.
 - **Prepare your information** Think about what you want to include with your application and, if required, who you will use as your referee(s).
 - **Complete your application** Ensure you submit your information before the closing date.
 - **Sit back and wait** The selection process typically takes 6–8 weeks but may take longer. Don't worry – we will notify you as soon as a decision has been made.
